Fashion is like a job like HR, you must always express your thoughts freely.
How fit it when you were born to stand out. Unique & different is
the next generation of beautiful.

Glamour is EVERYTHING

Beauty is a manifestation of secret natural laws, which otherwise would have been hidden from us forever. People are like stained-glass windows. They sparkle and shine when the sun is out, but when the darkness sets in, their true beauty is revealed only if there is a light from within.
