whispers. There are detesters.
And they're all about you.
Sitting together they wonder
about the mystery and the
chance, which surrounds
you as you stroll magnificently

What could be the secret that
you possess, which the
conspiring world is not going
to divulge. Let them do as
they want shall be.

*There is life, there are changes, there are
leaves. And, maybe, all about you. There
is that they make about the angels and the
cherubs, which reminds you, in your life,
especially in your childhood, some
light will be the most happy person, which
the universe would, in all things to find, like
the time, there is the heart of all.*
