in focus

This is a brand name and product code. The text is partially obscured and difficult to read.

A collage of three images of the woman in the floral dress. The top image is a close-up of her face and upper body. The bottom image is a full-body shot. The middle image is a smaller, slightly offset version of the full-body shot. The collage includes text overlays: the brand name 'Ipsyna' in a stylized font, the product name 'Pearl 1201' in a cursive font, and the phrase 'in focus' in a handwritten-style font.
