It is quite understandable why fashion designers tend to give wings to their imagination and create clothes that look interesting but are hardly wearable. They are created by designers to attract the public attention in the evening, but this does not necessarily mean that they are suitable in addition to the everyday life of lay people. Fashion's latest trends are an interesting example of current fashion trends. It is not a rare occurrence when the whole city suddenly falls in love with a certain color. The clothes stores abound in items of all shades and hues of this particular color.

Everyone tries to put on as much pieces of clothes of this very color as possible, without taking into the consideration the fact that various shades of this color do not usually go together. What is crucial in their perception is matching along with the fashion. Accessories tend to be generally not so revolutionary. Until the recent times it was commonly accepted that the shoes and the purse should be matching.
