when you redefine an art form you've made history

A close-up photograph of the same woman, now holding a baby doll. The doll is wearing a pink hat and a pink and white patterned outfit. The woman is looking directly at the camera with a slight smile. The background is the same light brown color as the first image.

I think that, like any art, fashion is about expression. it allows you to express yourself and your identity through what you choose to wear.

This season is all about celebrating and bringing out the best in you. brings a whole new range of variety for the most inspiring and colorful ones in the word there's plenty of pretty gorgeous.
