Woman Is Reflected

1002

The true beauty of a woman is reflected in her soul. It is the caring that she bestows, the passion that she shows, the beauty of a woman with passing years only grows.

Real Beauty Lies

Light beauty is all things of color, complexion, hair, features, and figure, but beauty is the art of making the most of what you have and making it shine.

1001

Beauty is not about being formal or stylish, its rather about how you look at yourself in front of mirror ...

Being Comfortable
Being is about being comfortable in your own skin,
it's about feeling good and enjoying who you are...
