# COOUTURE WEEK

In the 21st century the style obsession of the fashion-conscious woman of the world is more than that of the 20th century. Not only the way people dress but also the way they live, their work, their leisure, their social attitude, in the 21st century has become a fashion statement. It is the way of life of a generation, and this is the most prominent contemporary fashion in world and culture, and this reflects a new generation that is not afraid to stand out. They think of what they want to wear in a way that is a means of clothing their body, it is the essence of their personality and beliefs, and therefore they will wear it with pride. Therefore, fashion trends and designs for the 21st century are more diverse and more varied than any other generation in the world.

CLOTHING

In the 21st century the style fusion of the fashion industry transcends than ever before. They enter into and combine not only the way people dress but also fusion of home wear design, makeup fashion, and people's overall attitudes in the air flower power and soft sexy lean, and finally, it changed the whole attitude of a generation and this never was impossible. They now dress, fashion by their own designs, and this reflects a woman's independence. What is not clear to us that they think, or wear what they want fashion is not just a means of clothing, it is the essence of their personality and beliefs and designers are well aware of the power they hold. Designer's preferences and designs for the clothing relation are more intimate and detailed than any other revelation in the world.
