coral charm

In the 17th century, the only fabric used for Indian clothing was cotton. The world's first
cotton fabric was made in India. It was made from the cotton plant. The cotton plant
was first grown in India and then spread to other parts of the world. It is now
one of the most important crops in the world. It is used to make many different
types of fabric, including cotton, denim, and jersey. It is also used to make
paper and other products. Cotton is a natural fiber and is one of the most
commonly used fibers in the world.
