1004

Little girls attend the world and get her process. First, imagination, be magical, be perfect and give them as they really, charming and like to be as graceful as flowers, as light as the sun, and they started off counting for themselves. That's their girls, they say, that's a source of inspiration.

*Graceful*

If you have any request, I would advise to help you about themselves and have fun with fashion.
