Legacy in every thread

The millennial bride requires transitional design elements rather than just structured silhouettes in her ensembles.
Volume adds a rather fluid energy to these structures.
Think powerful forms that have been reworked into exaggerated drapes along with unconventional styles.

Like the first rays of summer caught in a bloom. Bright, soft, rich and touched with silver dust.
The ocean blue ensemble from this invokes the image of a sun-kissed bride walking down the sandy aisle on a virgin beach. Radiant, lively and resplendent - perfect for the destination wedding of a lifetime.

We love this ensemble because it perfectly brings out the fusion of old world aesthetic and modern sophistication that makes this outfit so unique. The lehanga and blouse are monochrome, while the woven silver threads adds just the right hint of glamour. Paired with a soft net dupatta embellished with silver motifs and border, it's the perfect marriage of elegance and comfort.

The musician we make having a wedding carry a timeless quality. They shine bright and vibrant, illuminating even the darkest of days. They stand the test of time with effortless elegance. They make even the proudest feel extra special. Pastel rose hues with intricate artistry capture those sentiments in RHISHI, ME,ROOH.
