

Silk Chanderi
Part - 1

The development of cotton and polyester is an exclusively human-made material and is a feature of most human societies. Clothing made of natural materials such as animal skins and vegetable fibers was initially used by early humans to protect their bodies from the elements.

Silk Chanderi
Part - 1

The development of classical fashion is exclusively based on the use of natural materials. Clothing made of natural materials is more durable and comfortable. The development of modern fashion is based on the use of synthetic materials. Clothing made of synthetic materials is more durable and comfortable.
