# Even think

*The development of attire and fashion is an exclusively human characteristic and is a feature of most human societies. Clothing made of wool and silk is revealed to be an important development used by early humans to protect their bodies from the elements. The development of attire and fashion is an exclusively human characteristic and is a feature of most human societies. Clothing made of wool and silk is revealed to be an important development used by early humans to protect their bodies from the elements.*

# Rule the world

*The development of attire and fashion is inseparably bound together with a fabric of vast human wisdom. Clothing made of intricate work and is ornate dress and ornamentation are usually used by early humans to protect their bodies from the elements.
