It's not color like red  
which says you're the color of  
your skin. It's not  
because you're red that  
you're a woman. It's  
because you're  
a woman.

"I think there is beauty in every thing. When several people perceive an object from various angles, something of beauty is there."

"Style is the only thing you can't buy. It's not in a shopping bag, a label, or a price tag.  
It's something collected from our soul to the outside world — on ourselves."

## Bright new THINGS

Fashion is not something that exists in dresses only. Fashion is in the sky, in the street, Fashion has to do with ideas, the way we live, what is happening.

IT WAS **the**  
**season**

Style is the only thing you can't buy. It's not in a shopping bag, a label or a price tag. It's something  
reflected from our soul to the outside world—an emotion.
