"Fashion can change, but style is timeless. The key is to know when to say 'no' to what's new and 'yes' to what's classic. It's about self-expression and staying authentic."

"Fashion is part of the daily we and it changes with the time, with all the people. You can never see the approaching of a revolution in clothes. You can see it and everything is different."

*Beauty*  
Subtle

"The most beautiful thing you can wear is not a dress, but a smile. The best perfume is not a scent, but a laugh. The most beautiful woman is not one who is perfect, but one who is kind. There is no beauty in the face of a woman who is not kind. It is about self-respect and inner strength."

"Make it the most thing you can't buy, if it's not in a shopping bag, it's not yours, it's something different from you and to this world, it's not yours."
