BEAUTY

It is not just the way you look, but the way you feel that matters. Beauty is a state of mind, a feeling of confidence and self-love. It is the way you carry yourself, the way you smile, the way you live. It is the way you make the world a better place.

A smaller version of the woman in the teal floral sari is shown standing on a balcony, wearing the same outfit as in the first image. The background is a traditional building with arches and some greenery.
