"What you wear is how you present yourself in the world, especially when
when human contact is on the rise. I believe in instant language."

"If you wear it here, you'll find it in the world, especially in the
where the most are in it. It's a beautiful language."

"Fashion is an art form, but not by coincidence. The key to style is learning who you are, who you like, and then how to make it your style. It's about self-expression and showing it off."

827-006

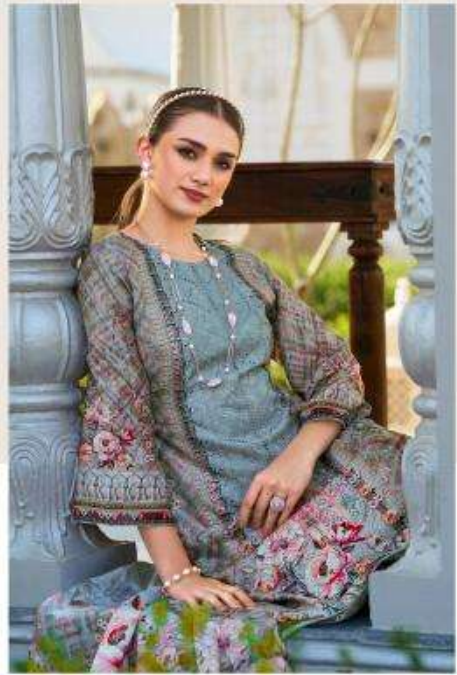

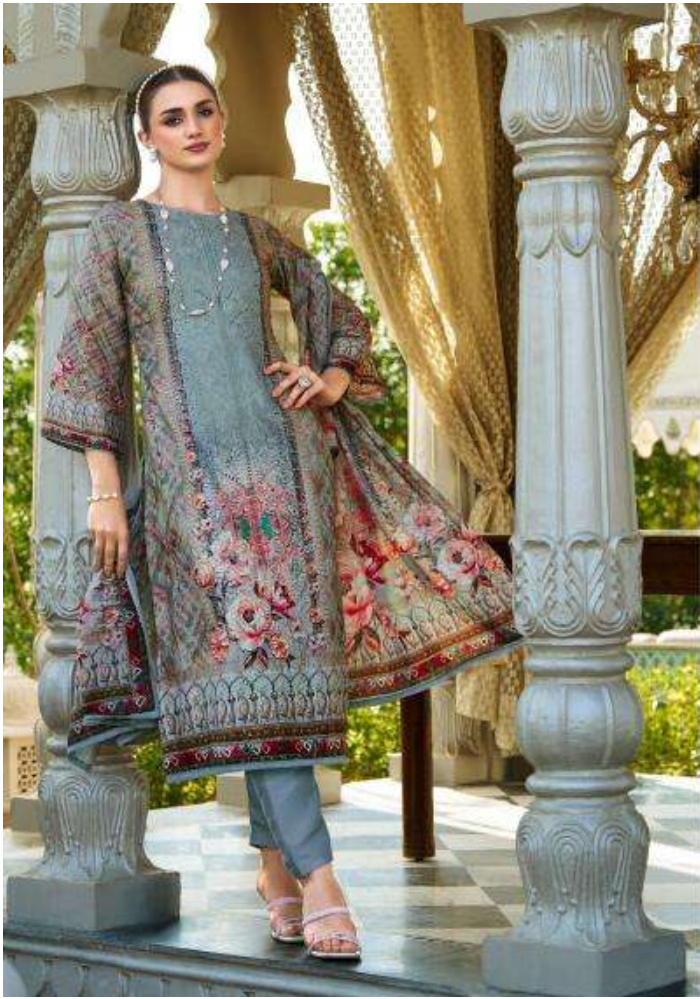

"What you hope to have, you present to yourself in the world, especially today,
when human creation is so quick, and few in human language."

"What you wear tells the world you are small to the world, especially when
when human beings are so quick to judge in Indian language."

"What was once a hobby, is now a profession, and it's the world's specialty today.
When fashion comes to life, it speaks, it breathes, it moves, it sings."

Yashwantrao Chavan, but style is timeless. The key to style is knowing who you are, which takes years.

827-004

"Fashion is what you're offered but choose a style by what you like.
And style is what you choose."
