As a philosophy we have always strived for elegance because our respect for regional distinction, identity of our label has always maintained the dignity of ethnic aesthetics.
The concepts are derived from contemporary techniques of comfort yet much shaped into traditional form.
In this regard, our garments have maintained a very sophisticated methodology, silhouettes are free yet classic and colors easy but abundant.

Our draping are minimal and easy.
As our clothes are a result of merged team of creative designers, you will find a fresh story with each outfit and that is what makes the collection ageless.
